Tourist Map

Tonnogawa Park

Tonnogawa Park is located in the old town of Tsushima city. The Tonnogawa river runs south to north through the whole Tsushima city. The Tonnogawa Park is quite famous and listed as one of Japan's best 100 historical parks. There is an oval-shaped Marukie pond in the middle of the park. Please try the cute swan boats in the pond. In the south side of the park, there is the biggest wisteria trellis in Japan.

Festival

As a big festival of Tsushima-jinja Shrine, Owari Tsushima Tonnogawa Festival is counted as one of Japan's 3 biggest river festivals. It is held on the fourth Saturday and the next day in July. Also, we have Owari Tsushima Wisteria Festival in spring, Owari Tsushima Autumn Festival in fall and OMOTO in winter. You can enjoy Japan's traditional culture all year round with the four main Tsushima festivals.

Tsushima-jinja Shrine

Tsushima Shrine has 1470 years of history. It is believed to have the power to avoid plagues and repell evil. It is one of the most famous spiritual sites in Japan. Many traditional Japanese architectural designs can be found here, like the Komon (tower gate) donated by Hideyoshi in 1591. Also, it is the head shrine of all Tonnogawa shrines. It is worth paying a visit.

Shrine

The old town of Tsushima city has big and small shrines. Also, we have Yagami-sama (roof Shrine), which is a very unique custom. While you are walking around the town, it is fun to look for mysterious Yagami-sama.

Temple

Tsushima city has many shrines and temples as well. Actually, there are more than 30 temples in the old town of Tsushima city. It is rare to worship such many temples in such a narrow area. This is a representative place to worship gods and Buddhas at the same time in Japan. Also, it is fun to walk around and to enjoy the Japanese atmosphere of the town.
